Manufacturers of SpringBond®  
Eco-friendly Underlay, Upholstery &  
Mattress Fillings

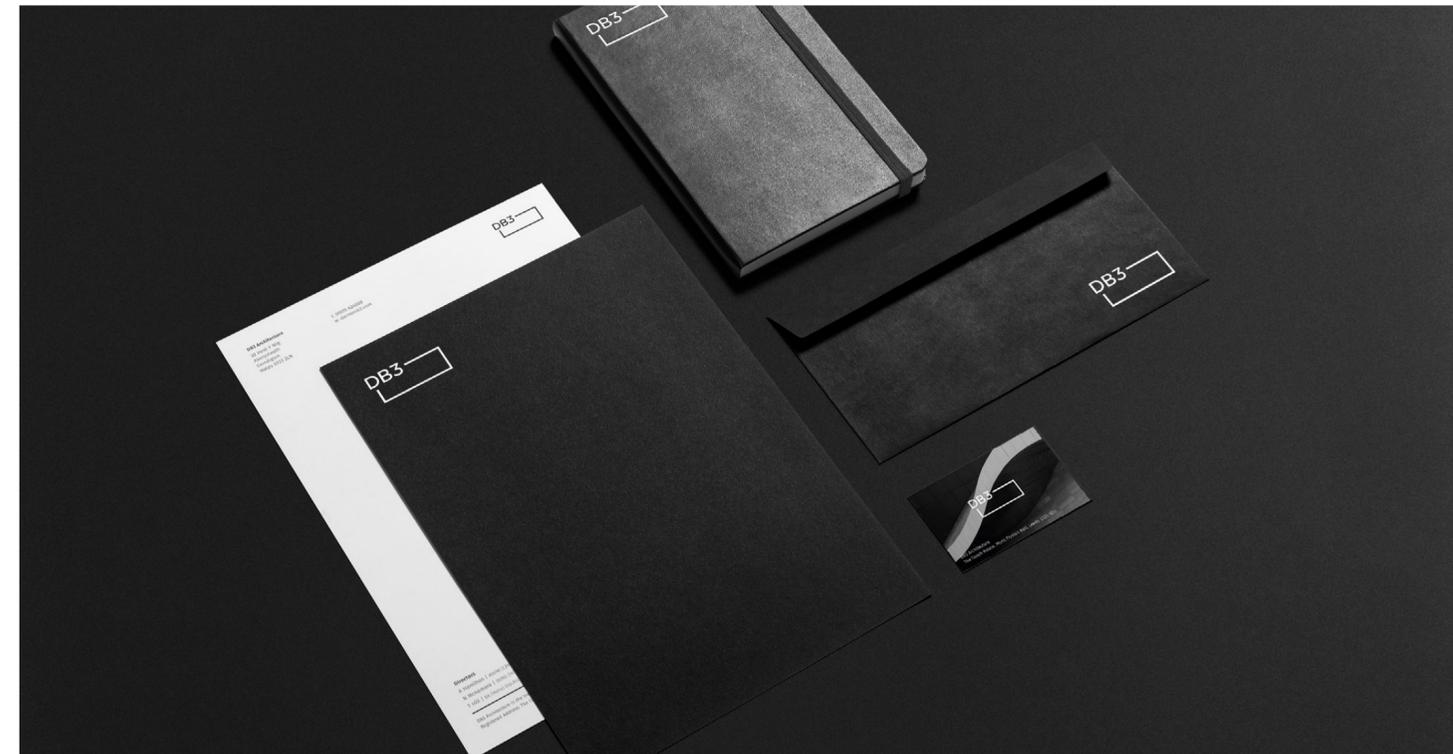

SpringBond Eco-Engineered Non-Wovens

The Eco-Engineered  
Non-Woven, PU Foam  
alternative for upholstery  
and mattresses

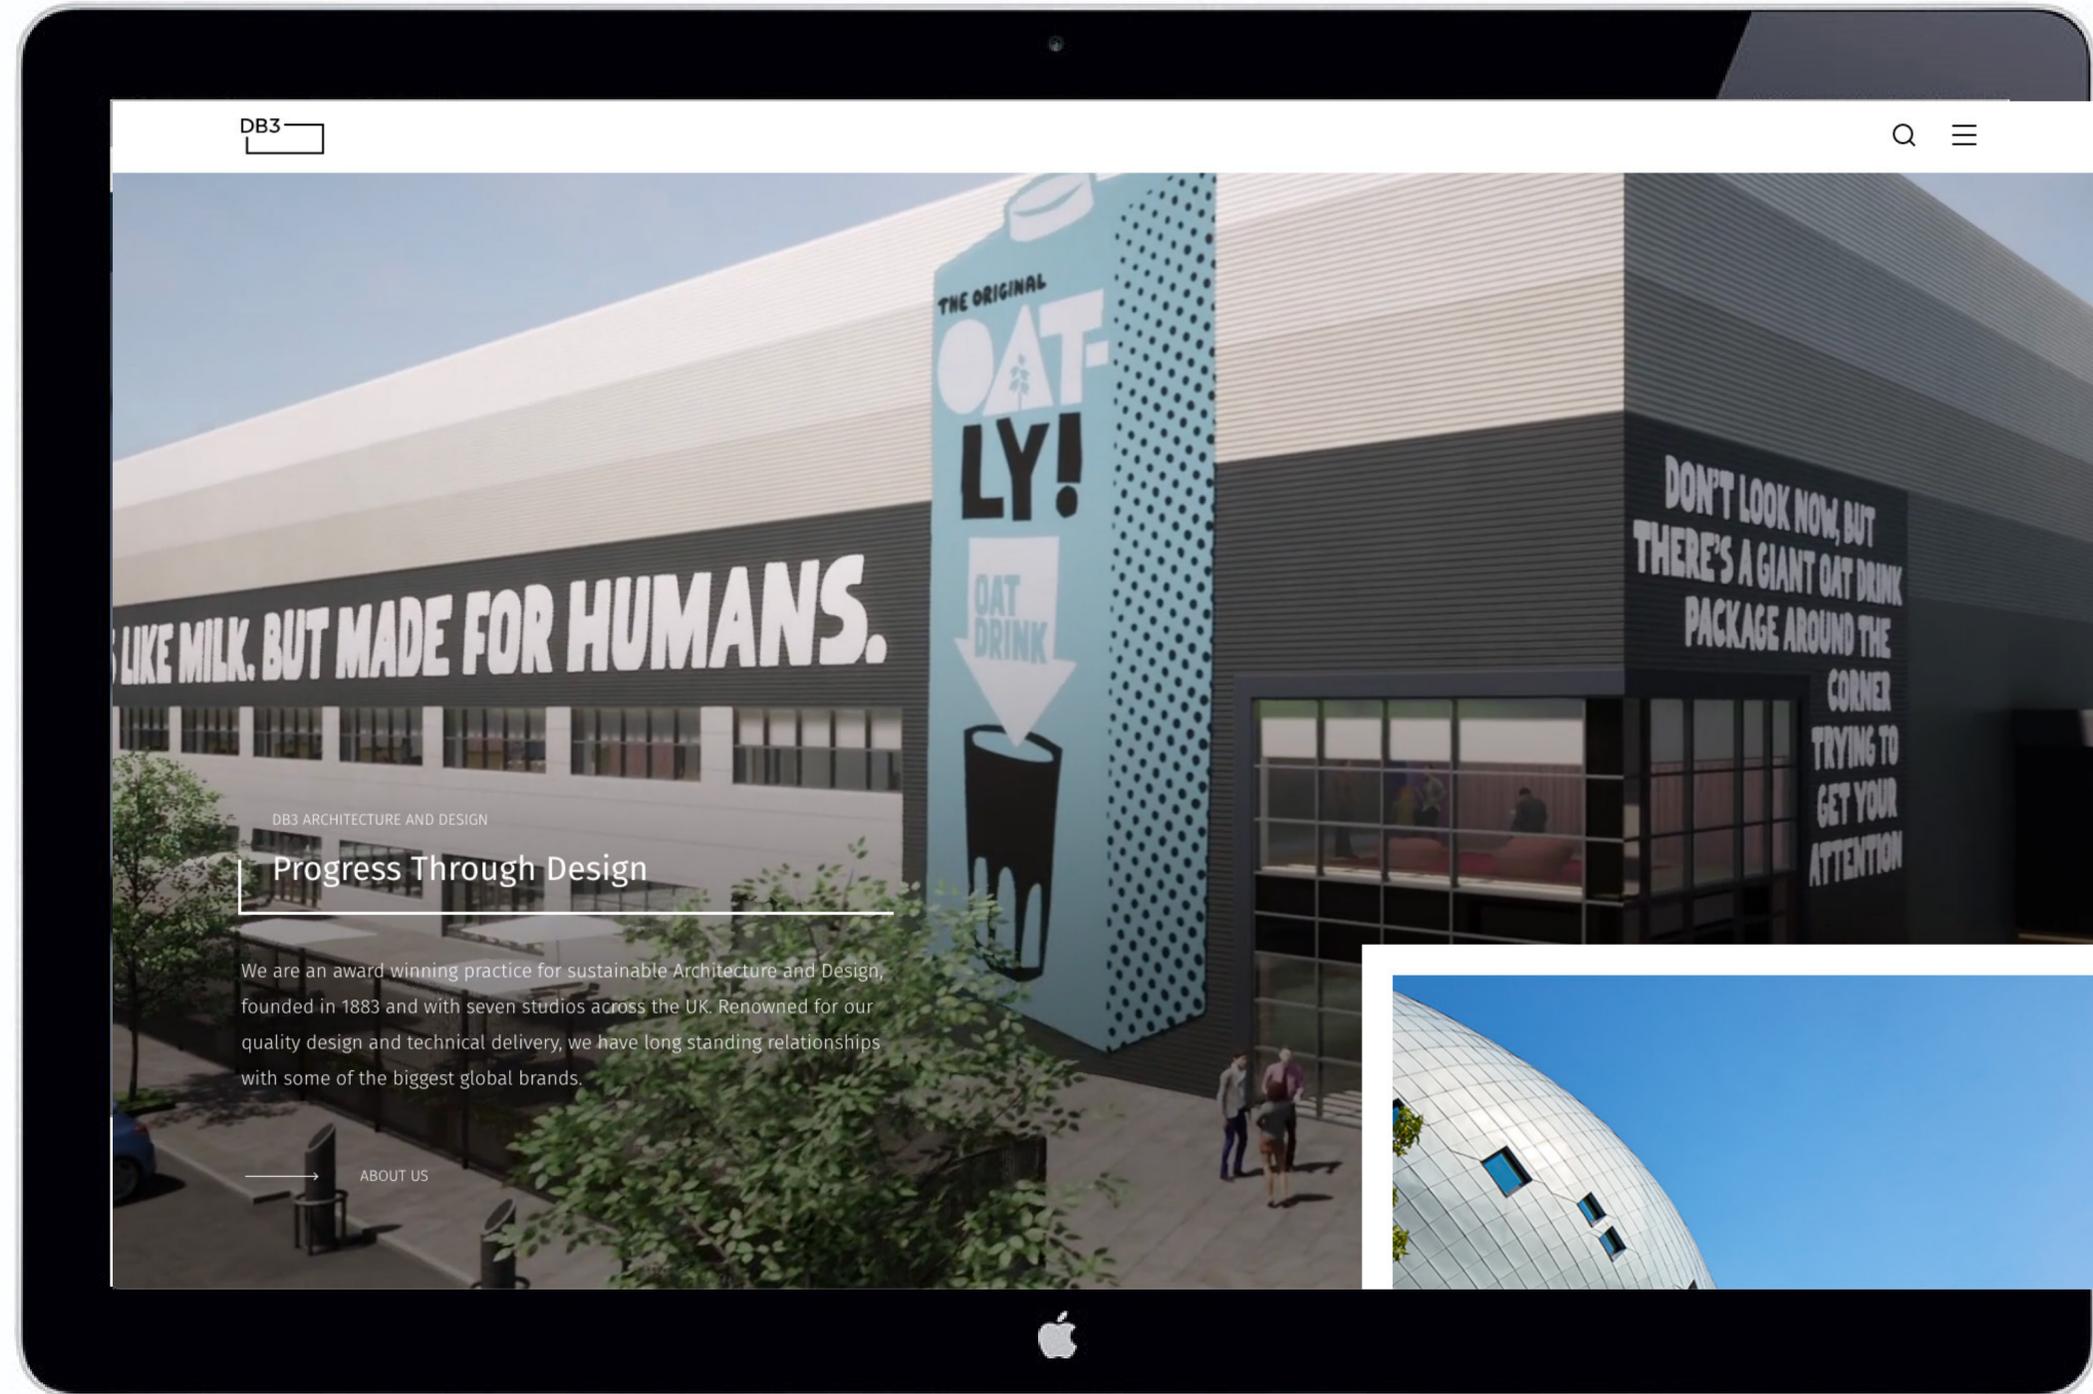

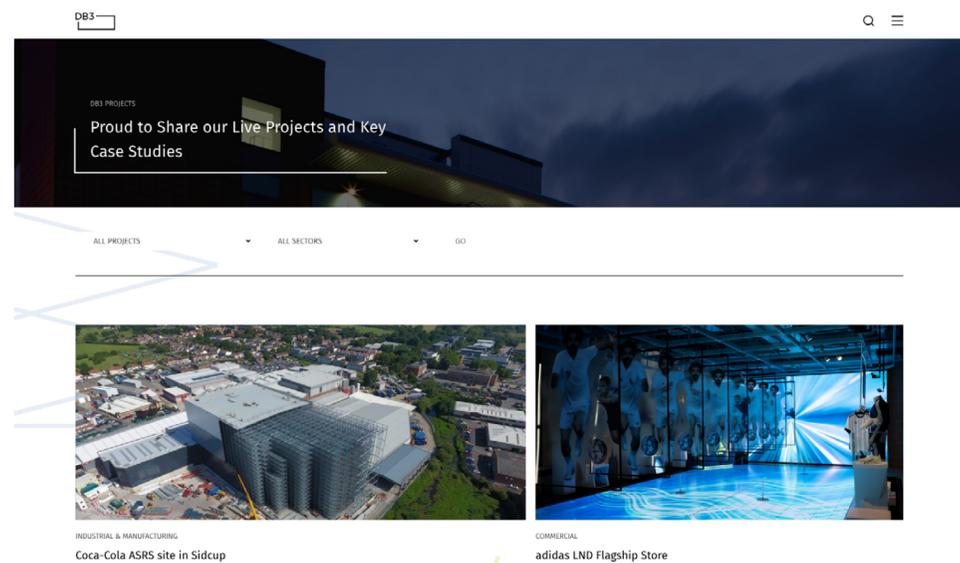

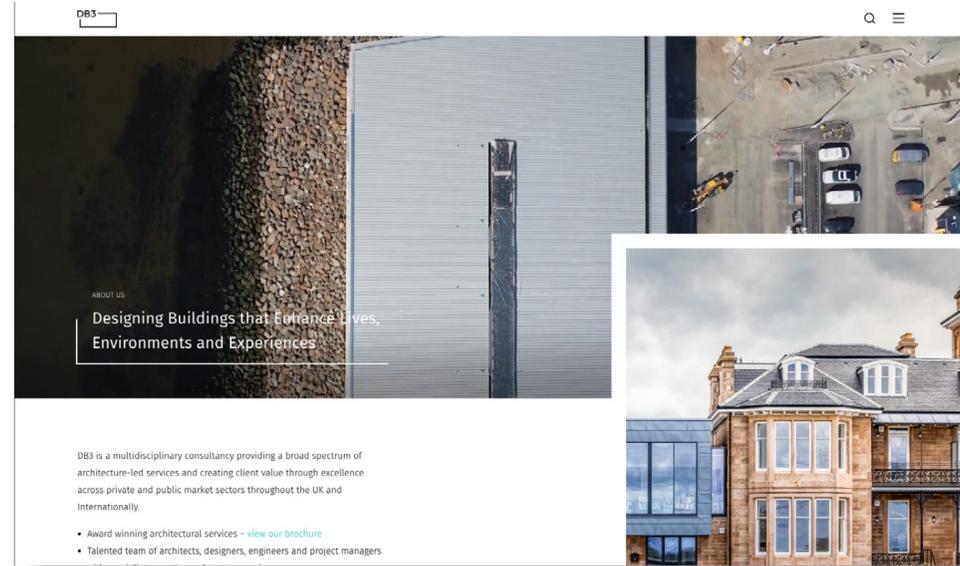

Technically advanced non-wovens, manufactured from up to 90% recycled fibres, form a unique 3D fibre structure that enhances performance, resilience and supporting both air flow and superior PU foam or bedding performance in various uses. Designed to offer PU foam or bedding performance in various uses, chairs and headboards and a perfect choice for outdoor use in sunny areas. SpringBond is a durable, value for money and eco-friendly alternative and can also be offered in custom sizes.
